

Owner-occupied homes that are in need of repair are eligible for the CDBG-funded housing rehabilitation program. Households must qualify by income, earning no more than 80% of median income. Household income cannot exceed the following:

| Household size | 1 person | 2 person | 3 person | 4 person | 5 person | 6 person |
|----------------|----------|----------|----------|----------|----------|----------|
| | \$46,400 | \$53,000 | \$59,650 | \$66,250 | \$71,550 | \$76,850 |

Funds are available to assist with health and safety-related repairs, in a combination of grants and loans. As the project is federally-funded, lead based paint and asbestos testing is completed before repairs can commence. There is currently a waiting list for this program.
